

Pathways Email Blast

Dear student,

This is an exciting opportunity for you:

Applications for [Sutton Trust Pathways programmes](#) are now open!

The Sutton Trust is offering you the chance to discover what career path is right for you, while gaining exciting career skills, meeting professionals and fellow Pathways students, as well as unique insight into university life – all completely for free!

There are five Pathways programmes to choose from – **Law, Banking & Finance, Engineering, Medicine and Consulting** – and they all take place over two years. Over the course of the programme, you will have the opportunity to attend academic lectures, network with professionals in the industry, make new friends and even attend a national conference. To find out which programme is right for you, click [here](#)!

This year, for the first time, there will be both in-person programmes with our partner universities and online programmes for anyone who prefers online learning or doesn't live near a partner university.

The Pathways programmes are an opportunity to discover what career is right for you, gain transformational skills and confidence in planning your next steps after university. Don't believe them? Here's one of the previous Pathway's student's advice for students considering applying: *"Go for it! Opportunities like this do not come around often but when you get the chance grab it! they change your life!"*

To start your application, click [here](#). You can find out more information about the programmes on their [website](#).
